

include/core/cortex
-m4/uart.h

```
graph TD; A["include/core/cortex-m4/uart.h"] --> B["common/hal_types.h"]; A --> C["stdint.h"]
```

The diagram illustrates a header file inclusion relationship. At the top, a gray box contains the text 'include/core/cortex-m4/uart.h'. Two blue arrows originate from the bottom of this box. The left arrow points to a white box containing 'common/hal_types.h'. The right arrow points to a gray box containing 'stdint.h'.

common/hal_types.h

stdint.h
